

Allergy Testing is available!

If you and your healthcare provider decide allergy testing might benefit you, you have testing available right here at ACP!

Call today for your appointment!

How do I get started?

Ask your provider to fax us a referral.

We'll call you for an appointment.

Easy!!

What is the testing like?

AllerAlt is a simple scratch test exposing you to various allergenic extracts.

It takes about 45 minutes.

If your body reacts, you will get small bumps on your skin and some itchiness. This should last about an hour or so.
